Re: Special Notice Letter and request for Information for the South Dayton Dump & Landfill Site in Moraine, Ohio

Dear Ms. Herring and Ms. Patterson:

I am writing as legal counsel for The Miami Conservancy District. Ms. Bly, General Manager, of the District received a letter from Ms. Tanaka on January 20, 2015.

The letter asks for a response by January 30, 2015 on the District's willingness to participate in future negotiations concerning the Site. The District has not been a party to any actions with respect to the Site for over five (5) years. As the District was unaware of the situation, I called and spoke to Mr. Thomas Nash and requested a 60 day extension to respond, which he indicated he would recommend be approved.

The circumstances in which the District finds itself with respect to the Site are far different than many of the other PRP's. Mr. Nash is aware of the District's situation as to the property owned by the District and relation to the Site.

A 60 day extension to March 30, 2015 is I believe reasonable and will allow the District time to review the matter and determine how to respond to the request to negotiate and to respond to the request for information. Thank you for your attention to this matter. Please confirm as soon as you can, your approval regarding this request.
